## CARRIE NATION IN LITTLE ROCK

Little Rock, Arkansas, April 14.—Mrs. Carrie Nation addressed a crowded hall last night. After a short Scripture reading, she proceeded to tell what she knew about affairs in Little Rock, which she characterizes as "rotten," and the blame for which she charges largely against officials. From half a dozen pages of written matter Mrs. Nation read long paragraphs describing the modus operandi of collecting the tax from houses of ill repute which involve a number of officials, including a police judge, constable and prosecuting attorney, with the fees of each, which include the regular tax of \$25 per month. The facts and figures as presented were said by her to be copied directly from the police and justice court dockets. Her copy was open to examination, and her statements were not challenged.

## Is Your Mental Tool Box Well Supplied ?

EVERY householder prides himself upon his ability—when occasion demands—to handle a hammer, saw or chisel—upon a knack of driving an "emergency nail or of doing most any sort of a "can't wait" job. He realizes that in the commonest odd job about the house he needs tools—that a mere "pair of hands" is not enough. Man being a tool-using animal discovers, too, that in his daily life he needs tools not made of steel—intangible tools—mental implements—mental hammers, saws, squares, bits, chisels, planes—and the knack of using them. These tools are merely "ways and means" of repairing little losses, finding lost things, securing tenants or help, quickly selling property—personal or real—and they are more commonly known as
